Child and Parent Centre Collie Valley Term 2 2016

BOOGIE MITES is a new program at the Centre that uses music to support pre-literacy skills, and promotes physical and emotional development. It also encourages parents and children to have fun together and just be themselves.

LEGO CLUB is a fun and inviting group that encourages children to develop lateral thinking while interacting and sharing with parents/carers and other children. While children are having fun and creating, they are also developing problem solving, organisational and planning skills, improving their literacy skills and enhancing their communication, without even realizing it!

PLAYGROUPS
All of the Centre's playgroups are programmed by an Early Years Practitioner. Activities are fun and inviting whilst also teaching children new and exciting skills. All sessions offer a mat session before fruit time where we sing songs, dance or read books. It is a great way to enable your child to gain confidence and encourage parents to engage in their children's learning.

BABY FUN CLUB is a program for parents, grandparents and carers with young children/babies. It is a safe environment for all to talk, gain knowledge and ask questions. It is also a great way to meet new mums and babies to interact with each other.

ART WITH NAT Come and join this amazing after school arts and crafts program for children aged 5 to 8 years on Thursdays, 3.30pm to 4.30pm. These fun sessions are designed to allow children to create art with new and used materials. Children must be accompanied by an adult. Bookings are essential. For more information telephone the Centre on 9734 3364
